

Board of Examining Chaplains

During this past year the Board reviewed the report from the General Board of Examining Chaplains on Dr. Brad Chance. Dr. Chance was invited to do additional work at the request of the Board. Once that work is completed and Dr. Chance completes the written work required by Title III, Canon 10, he will meet with the Board for an oral examination.

The Board conducted the annual examination of those in the West Missouri School for Ministry who have finished the three years of academic work in preparation for ordination to the diaconate. As a result of the examination process the Board reported to the Commission on Ministry that Mrs. Helen Whitsitt was deemed to have completed the examination in a satisfactory manner.

Respectfully submitted,

The Rev. Cathy Cox, Chair
