

TREASURER'S REPORT

The years 2007 through the present have been economically trying times with the sharp decline in the stock market, real estate market in disarray, and unemployment at very high levels. In the midst of all of these problems we have experienced and are facing, the people of our Diocese have remained faithful in their support enabling us to operate with a balanced budget.

As your Treasurer, each month I review the financial statements of the Diocese, including the Commingled Fund, and report the results to the Diocesan Council. At year end, along with our Provost, I review our annual audit prior to its final publication and distribution.

My other duties include membership on the Diocesan council, Finance Committee, Assessment Oversight Committee and acting Trustee of the St. Luke's Endowment.

My job as your Treasurer has been most rewarding thanks to the talented staff, clergy, and others who so generously donate their time and talent to our Diocese.

Robert L. Smart
Treasurer
